PRE-TEST PREPARATION PROGRAM

CPAT guidelines require that all candidates have the opportunity to participate in a Pre-Test Preparation Program, which includes Orientation and Practice Test Sessions. **The Pre-Test Preparation Program is not mandatory, but it is recommended.** Firefighter candidates who elect not to participate in the Pre-Test Preparation Program must sign a written waiver prior to participating in the CPAT Test. If a candidate successfully completes the CPAT and Ladder Climb Exercise during a Practice Test Session, then the candidate will receive an Identification Card from NIPSTA and, therefore, will not be required to return in order to challenge these events during a later scheduled session.

LADDER CLIMB EXERCISE

Firefighter candidates who participate in the CPAT at NIPSTA may also choose to participate in a Ladder Climb Exercise, which is mandated by Illinois Public Act 097-0251, effective August 4, 2011. This exercise is not part of the CPAT; nor will it impact a candidate's CPAT result in any way. The Ladder Climb Exercise will be administered after the CPAT on Practice Test Session dates and on CPAT Test dates. Certification of completion of the Ladder Climb Exercise will be issued by NIPSTA to those who successfully complete the event. There is no additional fee due from candidates who participate in the Ladder Climb Exercise. For additional information about the Ladder Climb Exercise at NIPSTA, click on "Firefighter Testing" at www.NIPSTA.org.
