

PUBLIC WORKS FIRST RESPONDER

LEVEL ONE

The Northeastern Illinois Public Safety Training Academy (NIPSTA) is proud to announce our **Public Works First Responder Training Program** in recognition of Public Works professionals' federally mandated role as first responders.

Level One is intended for those Public Works professionals who serve in an essential, field-based capacity or are new to the profession. Successful completion of the following 3 classes results in a *NIPSTA Certificate of Completion*. Classes may be taken individually

- **Introduction to Public Works as a First Responder: An Overview of Emergency Management and the Incident Command System in Public Works Emergencies*** (4 hrs)
June 10, 2021, 0800-1200
*Prepares the student for frequently required FEMA Independent Study Programs
- **Emergency First Aid Training for Public Works Professionals** (4 hrs)
American Heart Association Heartsaver® Course with CPR/AED
June 17, 2021, 0800-1200
- **National Weather Service Storm Spotter Program**, followed by...
Scenario Review: A Practical Review of the Role of Public Works Field-Based Professionals as a First Responder during Community-Wide Disasters (4 hrs)
June 24, 2021, 0800-1200

Tuition:

Classes offered **tuition-free** for any representative of a NIPSTA member agency. All others, \$75 per student, per class.

Additional course information and registration available at www.NIPSTA.org.
